*Hurtigruten is proud to provide eco-friendly expedition cruises. We explore in the most sustainable way possible by introducing new technology, advocating stricter regulations in pristine destinations, fighting overtourism, and involving and supporting local communities.*

### **Green technology**

Innovation has been at the heart of Hurtigruten for over 127 years. In 2019 we launched the world's first hybrid powered expedition ship, MS Roald Amundsen, and in 2020 the sister ship MS Fridtjof Nansen followed. Be a part of the next generation of exploration travel.

### **Giving Back**

We are dedicated to supporting the local communities we visit, and to creating a positive

impact everywhere we sail. By trading locally and sourcing services from local suppliers, we contribute to the welfare of communities on our routes.

### **Preserving our Waters**

Hurtigruten is actively advocating a ban on polluting and toxic heavy fuel oil (HFO) in all Arctic waters and along the entire Norwegian coast. The protection of vulnerable areas is an important part of

the Hurtigruten philosophy. We support stricter regulations in pristine destinations, including limits on ships and shore visits.

### **Protecting Wildlife**

With over 127 years of explorer heritage, Hurtigruten is dedicated to preserving and protecting the areas we explore. We observe wildlife at a distance to preserve

natural behaviour, and do so with the utmost respect for their welfare and habitat. Through science, research and education, we contribute to increasing understanding and preserving animal life.

### **Delicious Food, with Meaning**

At Hurtigruten, we give you great food and snack options every day of your cruise. Whether you fancy meat, fish or our popular plant-based dishes, you can rest assured that our suppliers are held to high sustainability and animal ethics standards. We work to reduce food waste and have introduced new workflows to make sure that we keep waste at a minimum. And of course, single-use plastic is a no-go on all Hurtigruten ships.

line in the world to ban all unnecessary single-use plastic. As of July 2018, everything from straws and drinking cups to plastic bags have been removed and replaced with environmentally friendly alternatives made of biodegradable paper and sustainable materials.

## Cleaning our Beaches

Much of the Earth's plastic pollution ends up on our beaches. Hurtigruten has a long history of engaging and involving our guests in initiatives like beach clean-up activities. In addition to creating less plastic waste, we are committed to using every landing and activity as an opportunity to contribute to a cleaner and healthier environment.

## Caring Cooperations

Hurtigruten believes in leading by example, and we encourage cooperation throughout the travel industry for a greener future. We have been actively involved in establishing the *Association of Arctic Expedition Cruise Operators* (AECO) for Arctic issues. Through the *International Association of Antarctica Tour Operators* (IAATO), Hurtigruten works to secure environmentally sustainable tourism in Antarctica.

## Making a Difference

The *Hurtigruten Foundation* was established to ensure that our guests of tomorrow can enjoy the same meaningful travel experiences that our guests do today. The Foundation supports a wide variety of projects, such as securing the polar bear population, fighting plastic and marine pollution, raising awareness and supporting local initiatives in the areas we explore. The *Hurtigruten Foundation* is funded through on board activities and donations.

## Ambassadors and Research

For years, *Hurtigruten* has worked to raise awareness about the impact of marine pollution on our oceans. Seeing the ocean's wonders firsthand on landings with our Expedition Teams, gives guests a fresh perspective on these issues, often inspiring and creating ambassadors for every destination on every cruise. *Hurtigruten* also contributes to important research by working with international science institutes, sharing vital data about Antarctic and Arctic environments.

# LIVERPOOL TO ICELAND AND SCOTTISH ISLES - ANCIENT TIES AND NATURAL WONDERS

Join us for a full circumnavigation of Iceland and highlights of the Scottish isles, taking in natural wonders, charming fishing villages and rich wildlife.

### DAY 1 Liverpool, England

Your expedition starts here in the fabled city of Liverpool. After meeting your expedition team and settling into your cabin, you'll be ready to start your grand Icelandic adventure.

### DAY 2 At Sea

Enjoy a day at sea as we sail towards our first call, the Outer Hebrides. Sea days can be as active or relaxing as you choose! The Science Center is a great place to start; it has scientific equipment and an extensive library to deepen your knowledge of the places you'll visit.

### DAY 3 Stornoway, Lewis & Harris, Scotland

Stornoway is the main town of the Western Isles and the capital of the Isle of Lewis,

which is the largest and most northerly of the Outer Hebrides. Explore this bustling harbour and waterfront with museums and art galleries overlooked by Lews Castle.

### DAY 4 At Sea

Recline in the panoramic Explorer Lounge, drink in hand and take in the view. Watch the waves for whales and dolphins and keep an eye on the sky for seabirds.

### DAY 5 Heimaey, Iceland

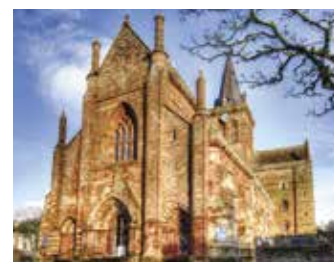

Heimaey means "Home Island," and you'll certainly feel welcome here. It's near 4000 inhabitants are friendly, and the vegetated landscape is pleasing to the eye. You can learn all about the town's history at the Museum of Eldheimar. The Sea Life Trust Beluga Whale Sanctuary is also one of the town's highlights.

### DAY 6 Reykjavik, Iceland

Welcome to Reykjavik, the northernmost capital in the world. Reykjavik is quaint and cosmopolitan at the same time. This small city is the perfect size for a walking tour, packed full of art, culture and history. Head towards the architecturally striking Hallgrímskirkja Cathedral. A popular highlight nearby is the geothermal spa Blue Lagoon.

### DAY 7 Stykkisholmur, Iceland

Stykkisholmur, pronounced 'Stikkish - holmur', is a small fishing town surrounded by views of innumerable islets in the picturesque Breiðafjörður Bay. With a population of roughly a thousand people, no traffic, and a laid-back, slow pace, it gives the impression

© OSCAR FARRERA / FUOTURTIEN

of a place where time has stood still. Perhaps Stykkisholmur's most defining feature is the well-preserved houses found in its old city center. Bursting with colour, they stand out in contrast to the distant mountain ranges.

### DAY 8 Patreksfjörður, Iceland

Serving as a fishing port as far back as the 16th century, this is a town shaped by a rich maritime history. Patreksfjörður served as a base for English, French and German fishermen, merchants and naval mariners in olden times. As you explore the lively harbour, you'll learn about the town's local fishing tradition and the different kinds of fish found in its waters. You can also choose to take a dip in the outdoor pool, a new addition to the town with wonderful views over the fjord.

### DAY 9 Akureyri, Iceland

Akureyri is located near the base of the longest fjord in Iceland, Eyjafjörður. As we cruise along the fjord, you'll have incredible views of snow-capped peaks and a lush coastline. The fertile waters here make it one of the best

places in the country to spot whales. Species including humpback, white-beaked dolphins and harbour porpoises are regular visitors, although orcas, blue and fin whales have been seen here too.

**DAY 10 Grimsey, Iceland**

Grimsey is serene, beautiful, and steeped in folklore and legend. The hardiness of the local fishermen is attributed to Grimsey's first settler Grímur. Legend has it he slew the giants and trolls who inhabited the island and took one of their daughters as his bride. Grimsey is probably best known for its proximity to the Arctic Circle, which cuts across the island – the only part of Iceland to do so. You'll have the chance to step across that line, North to South.

**DAY 11 Seyðisfjörður, Iceland**

Our destination today sits at the end of a 17-kilometre fjord lined with picturesque mountains and waterfalls. Seyðisfjörður - pronounced 'say-this-further,' is a progressive and characterful village and certainly one of the most eclectic towns you'll visit in Iceland. The aptly named Rainbow Road only emphasizes this delightfully quirky

aesthetic. You'll definitely want to get your picture taken here.

**DAY 12 At Sea**

As we leave Iceland, we sail towards the Orkney Islands and Kirkwall. Take the day to rest, enjoy the ship's facilities and take stock of what you've experienced so far. Whether you're an aspiring artist or an avid shutterbug, join a workshop to improve your skills.

**DAY 13 Kirkwall, Orkney, Scotland**

Kirkwall is the capital and largest town of the Orkney archipelago. The first mention of a settlement here is in a saga as far back as 1046. Dominated by the famous

St. Magnus Cathedral, the old part of Kirkwall is one of the best examples of an ancient Viking town.

**DAY 14 At Sea**

After an action-packed adventure, you'll be ready for a leisurely day aboard the ship. Make the most of your last day aboard the ship, enjoy your last dinner and get ready to say goodbye to the crew and all your shipmates.

**DAY 15 Liverpool, England**

## MS FRIDTJOF NANSEN

2022 Departure: 7 May  
From £590pp

4 DAYS | PORTSMOUTH - LIVERPOOL

# BRITISH ISLES - HISTORIC PORTS OF THE ENGLISH CHANNEL AND IRISH SEA

Explore the historic coasts and seaports of England and Ireland on this voyage aboard our state-of-the-art hybrid ship Fridtjof Nansen.

### DAY 1 Portsmouth, England

Our voyage begins in Portsmouth, a modern seafaring city with a fascinating naval heritage. Everything related to Britain's long love affair with the waves is to be found here, so before stepping aboard, take a stroll around the cobbled streets of Old Portsmouth and enjoy the atmosphere with its character-

filled pubs, quaint tea rooms and shops. Your comfortable expedition ship MS Fridtjof Nansen will be ready and waiting for you. Stretch your legs out on deck and watch and get to know the different areas of the ship, which is your new home-from-home for the next four days. Enjoy your first dinner aboard in one of the ship's

excellent restaurants, and look forward to many more delicious meals to come. Raise your glass and join the Captain and crew as they toast an enjoyable expedition together.

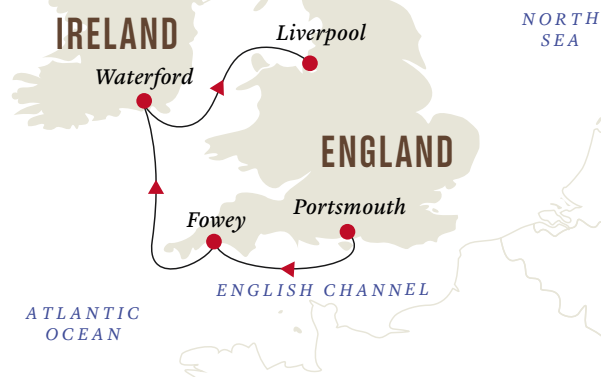

### DAY 2 Fowey, England

Today, we drop anchor off Cornwall, home to Arthurian legends, TV's Poldark and the pirates of old. Delightful little Fowey is a historic harbour town set in an Area of Outstanding Natural Beauty. The beautiful fishing village sits on the west side of the Fowey Estuary, a flooded valley cut by meltwater after the last Ice Age. You'll love the laid-back vibe here and feel an overwhelming sense of peace as you watch the fishing boats come and go and listen to the cries of gulls on the wind. Wander the crooked cobbled streets in search of gifts in the many boutiques, try a clotted cream ice, or perhaps sip a pint

of local Cornish ale in one of the timeworn taverns. You might want to pay a visit to the nearby Eden Project. Here, you'll be blown away by the vision of this immense eco-project, which features the world's largest 'captive' tropical rainforest as well as a multitude of biomes, educational installations and art works.

### DAY 3 Waterford, Ireland

Welcome to the Emerald Isle. Today you'll set foot in the oldest city in Ireland, founded by the Vikings in the 10th century by a ford in the River Suir. Waterford is a well preserved and very walkable small city, famed for its beautiful crystal glass production and its Norse roots. You'll see incredible examples of street art painted on walls and houses as you explore this city of culture, so don't forget your camera. Walk around the

Viking Triangle, so named for the three-sided shape made by the thousand-year-old walls that once surrounded the city. Along the route you'll encounter Reginald's Tower, which offers great views from the top, and the Bishop's Palace Museum, an exquisite architectural jewel that houses many treasures from Waterford's colourful past.

### DAY 4 Liverpool, England

Our expedition up the coast of the British Isles comes to an end in Liverpool. It's a city that needs no introduction, and yet people are always surprised when they visit for the first time. There's a curious blend of the old and the modern here, and you can feel a sense of history and the pull of the sea in this

most maritime of cities. Famously, Liverpool is also where The Beatles are from, and you can't come here without going on a city tour to visit all the places associated with them. Penny Lane, Strawberry Fields, the boys' childhood homes and – of course – the iconic Cavern Club, are just some of the destinations fans should tick off.

This small, typical fishing village seems to have stood still in time. Dating back as far as the 10th Century, Fishguard's past includes Viking raids and Norse settlements, and has the dubious accolade as the site of "last invasion of Britain", by the French in 1797. The town offers insight into this fascinating history as well as being charming with local shops, cafes and restaurants to enjoy.

World famous for its religious connections, Iona was settled in 563 AD by the Irish missionary, St Columba. Spend time exploring the famous Abbey

### DAY 6 St. Kilda, Hirta Island, Scotland

A UNESCO double World Heritage Site and the 'jewel in the crown' of the National Trust for Scotland. The

remains of a volcanic crater provide ledges for thousands of nesting seabirds. Spot the Minke whales too!

Visit the nearby 12th century Kilkeny Castle, one of the earliest Norman stone castles.

Enjoy an idyllic day at sea. Meet our Expedition Team, who prepare you for exciting adventures ahead. Listen in on talks by these experienced explorers who share their extensive knowledge.

**DAY 3 Fishguard, Wales**

This small, typical fishing village seems to have stood still in time. Dating back as far as the 10th Century, Fishguard's past includes Viking raids and Norse settlements, and has the dubious accolade as the site of "last invasion of Britain", by the French in 1797. The town offers insight into this fascinating

history as well as being charming with local shops, cafes and restaurants to enjoy.

**DAY 4 - Rathlin Island, Northern Ireland**

Rathlin Island boasts Northern Ireland's largest seabird colony. At just six miles long and one mile wide, explore by bike or on foot. Cliff-top walks are a must. Located on the mainland, the World Heritage site of the Giant's Causeway is just a short ferry ride and drive away.

**DAY 5 Isle of Iona, Scotland and Staffa, Scotland**

World famous for its religious connections, Iona was settled in 563 AD by the Irish missionary, St Columba. Spend time

exploring the famous Abbey and learn about its fascinating history. Views from Iona's beaches stretch west towards the Outer Hebrides, resulting in places bearing emotive names such as 'The Bay at the Back of the Ocean'. If conditions allow, we will spend time doing a 'scenic sail by' of the cave-riddled island of Staffa.

**DAY 6 St. Kilda, Hirta Island, Scotland**

A UNESCO double World Heritage Site and the 'jewel in the crown' of the National Trust for Scotland. The remains of a volcanic crater provide ledges for thousands of nesting seabirds. Spot the Minke whales too!

**DAY 7 Stornoway, Lewis, Scotland**

Stornoway is the main town of the Western Isles and the capital of the Isle of Lewis, which is the largest and most northerly of the Outer Hebrides. Explore this bustling harbour

and waterfront with museums and art galleries overlooked by Lewis Castle.

**DAY 8 Fort William, Scotland**

We enjoy a scenic sailing into Loch Linnhe. Fort William is our base for exploring. With a reputation as the 'outdoor capital of the UK', proximity of Britain's highest mountain range and specular scenery, it's perfect for exploring. Popular attractions include a visit to the West Highland Museum, St Andrew's Church or the Old Fort. Glen Nevis is a short drive away where you can enjoy one of the best walks in Scotland.

**DAY 9 Islay, Scotland**

This is 'whisky island', world famous for its peaty single-malt whiskies and its many distilleries. Islay is a stop-off for migrating birds, making it ideal for seabird spotting along its superb cliff-top walks.

**DAY 11 Waterford, Ireland**

Founded by the Vikings at the start of the 10th Century, Waterford is the oldest city in Ireland. Steeped in history and set amongst beautiful Irish countryside, the region is renowned for its excellent archaeological treasures. Parts of the ancient walled core remain as well as Norman forts and majestic, medieval abbey ruins and ancient monasteries. Visit the nearby 12th century Kilkenny Castle, one of the earliest Norman stone castles.

**DAY 12 Isles of Scilly, England**

This enchanting archipelago off the coast of Cornwall is home to outstandingly beautiful, uncrowded and unspoilt islands and around 140 islets. Covered in heathland, with magnificent sandy beaches, these islands are surrounded by rocks and reefs and offer picturesque coastal walks. Explore the small town of Treco, the castle ruins, the Valhalla Museum or stroll along the tropical-like white beaches.

11 DAYS | DOVER - GEIRANGERFJORD - DOVER

# FJORDS EXPEDITION CRUISE

Join us on this very special expedition as we explore the most famous fjords of Norway during Springtime, when the flowers are beginning to bloom, and snow still dusts the mountains.

“among the most scenically outstanding landscapes in the world” and “exceptional in scale and grandeur” which are UNESCO’s words, not ours! Nærøfjord is singled out for its dramatic contrasts; the narrowest fjord in the world – 250 metres at its narrowest – bookmarked by towering vertical mountain walls as high as 1,700 metres. It’s also the deepest fjord in the world.

### DAY 6 Geirangerfjord, Norway

Springtime is arguably the best season to see Geirangerfjord: there are fewer visitors; the weather will be milder; the sun may glisten on the fjord and warm your face; and the snow will have started to melt into mesmerising waterfalls. Looming above you, undaunted by the sun, will be majestic snow-capped mountain tops. We will choose a totally secluded spot in the fjord itself to drop anchor, one that affords us the most spectacular views. Tender boats will take you ashore to further explore the

### DAY 1 Dover, England

We depart from Dover and make our way to Norway.

### DAY 2 At Sea

Enjoy an idyllic day at sea. Meet our Expedition Team, who prepare you for exciting adventures ahead. Listen in on talks by these experienced explorers who share their extensive knowledge.

### DAY 3 Rosendal/Sunddal, Hardangerfjord, Norway

Today, we will explore either villages of Sunddal or Rosendal, depending on local conditions. From Sunddal, located close to the Bondhus Glacier, you can explore the area on a scenic hike

or go kayaking with the Expedition Team as optional excursions. With only 800 inhabitants, Rosendal is a small, charming village. The biggest attraction is the 16th century Baronial manor, famous for its beautiful rose garden and landscaped grounds.

### DAY 4 Skjolden, Sognefjord, Norway

Sognefjord is the longest and deepest of the Norwegian fjords, stretching over 200 kilometres inland from Bergen. As we sail deeper into the fjord, head out on deck to get a sense of the scale of the fjordal landscape around you. Skjolden, home to 200 residents and our base for

today. The highlight here is a trip to nearby Urnes Stave Church.

### DAY 7 Loen, Nordfjord, Norway

Nordfjord is the sixth longest fjord in Norway. Our chosen destination to explore the best of Nordfjord is Loen, at the base of the fjord and of Mount Hoven. We dock outside Loen itself, and use small boats to reach the small town. Loen's Skylift cable car is one of the steepest in the world, climbing 1,100 metres at a gradient up to 60°. We dock at Kristiansund which is one of the most densely populated cities in Norway. from the small trees here, bent by the strong wind.

### DAY 6 Træna, Norway

Træna is an archipelago of over 400 islands and islets right on the Arctic Circle. We plan to go on a scenic walk around the village of Husøya where most of Træna's 454 inhabitants live. Surprisingly, the community on the islands has a Nordic-Hawaiian vibe, which is probably best appreciated in summer.

### DAY 7 Reine, Norway

We'll land in idyllic Reine in the morning. You may recognise it as one of the most photographed nature landscapes in Norway – and for good reason. Characteristic red fishing huts known as rorbuer dot the shoreline against a backdrop of granite peak clusters jutting out of the fjord. You'll board a bus to the picturesque old fishing village of Å, a unique, historical attraction. After a day exploring Lofoten, we sail to Trollfjord, an amazing place where vertical

mountain walls surrealistically jut out of the sea.

### DAY 8 Tromsø, Norway

Tromsø is the capital of the Arctic. Spend the day and evening exploring its fascinating history, culture and bold architecture.

### DAY 9 Skarsvåg, Norway

Arrive in the small town of Skarsvåg and take a scenic bus ride to North Cape. At 71°10'21"N, it is just 2,100 kilometres away from the Geographic North Pole, with only the Svalbard Archipelago in between.

### DAY 10 Outside Bjørnøya

About midway between the Norwegian mainland and Spitsbergen, you arrive at Bjørnøya, or Bear Island in English. Except for a small area hosting a meteorological station established in 1918, the entire island is a nature reserve.

### DAY 11 Burgerbukta, Svalbard

Today you will get to explore the wonderfully varied landscape and geology of Hornsund, which is a part of the South Spitsbergen National Park.

### DAY 12 The Isfjord area, Svalbard

Explore Isfjord – the second-longest fjord in Svalbard. North of the fjord is Alkehornet, a prominent landmark. It's an imposing example of carbonate rock, with a horn-shaped mount at its peak. Arctic fox can be spotted here, as well as stately Svalbard reindeer.

### DAY 13 Bellsund, Svalbard

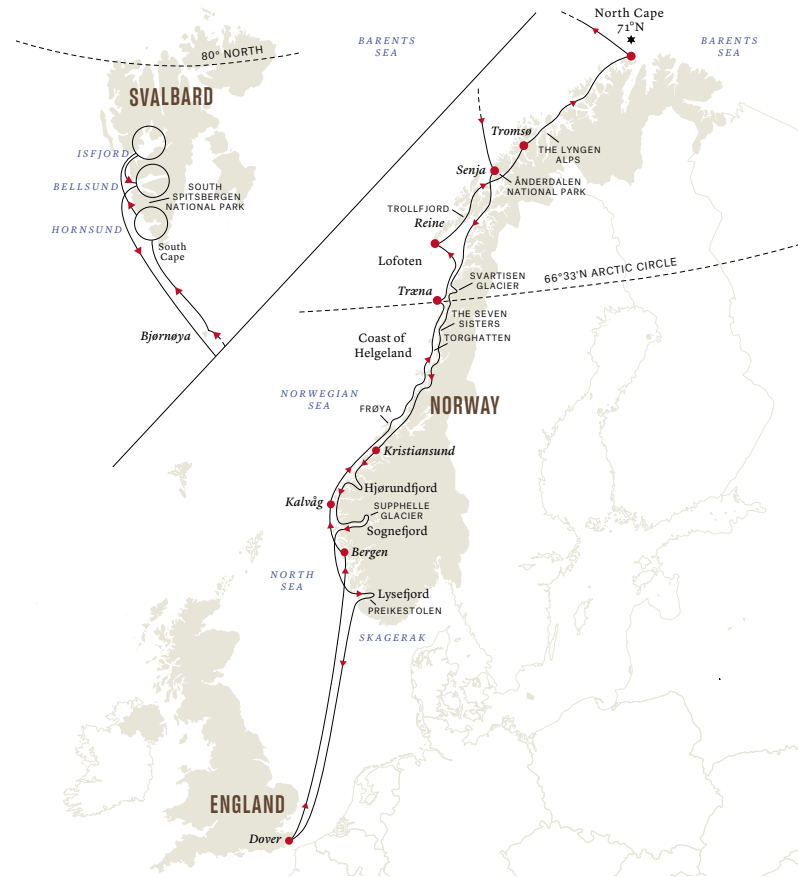

Not to be confused with its narrower cousin, the fjord, Bellsund is a 20 km long sound. Sounds tend to be wider than fjords and are usually formed by the flooding of river valleys. You might catch sight of migrating reindeer grazing the lush vegetation that is fertilised by droppings from the seabirds – just the circle of life at work!

### DAY 14 At sea

Your discovery of Svalbard is over, and we have started our journey back south.

### DAY 15 Senja, Norway

Today, we dock at Senja, one of the most ruggedly beautiful and less-visited islands in Norway. You'll be awestruck by the scenery on display here and understand why it made CNN travel's list for '10 of the world's most beautiful islands'.

### DAY 16 Svartisen, Helgeland, Norway

We'll be sailing the Holandsfjord off the Helgeland Coast today and will arrive at Svartisen. Covering 370 square kilometres, it has 60 glacier tongues and is Norway's second largest glacier after Jostedalbreen.

### DAY 17 Kristiansund, Norway

We dock at Kristiansund which is one of the most densely populated cities in Norway. Its urban area is spread across four

islands with bustling waterfronts, scenic marinas and distinctive architecture, decorated in shades of red, yellow and green. It's a city that has made its living from the sea: fishing, shipping and oil and gas.

### DAY 18 Outside - Urke/Sæbø, Norway

Hjørundfjord is part of the UNESCO designated Fjords Norway area which is notable for "exceptional natural beauty". Surrounded by the Sunnmøre Alps with peaks soaring 1,700 metres straight up from the sea, it is one of the most scenic fjords in all of Norway and still undiscovered by most other cruise lines.

### DAY 19 Outside Fjærland, Norway

We sail into Sognefjorden, nicknamed the 'King of the Fjords', as it is the longest and deepest fjord in Norway. Stretching 205 kilometres

inland from the coast, we plan to cruise deep into the fjord to the tiny hamlet of Fjærland.

### DAY 20 Lysefjord, Norway

Lysefjord is 40 kilometres long and 422 metres deep at its deepest. Preikestolen, the most famous tourist attraction in Ryfylke, towers an impressive 604 metres over the Lysefjord. Spend time on deck taking in the scenery or take a seat and enjoy the views from the comfort of our observation lounge with its enormous windows designed for this very reason.

### DAY 21 At sea

Sadly, it's our last day at sea and our adventure draws to a close. As we cross the North Sea, you may spot seabirds and dolphins that like to follow the ship.

### DAY 22 Dover, England

We pass the white cliffs of Dover and dock at the city's harbour.

# NORTHERN LIGHTS EXPEDITION CRUISE

Join us for a special winter expedition cruise under the magical Northern Lights. See the very best of Norway's coastline and take part in exciting excursions to discover this winter wonderland.

## ONE OF OUR MOST POPULAR VOYAGES

### DAY 1 Dover, England

We depart from Dover towards the coast of Norway's magical, snow-covered landscape as we hunt for the Northern Lights.

### DAY 2 At sea

Enjoy a day at sea as we head towards Norway. Meet our Expedition Team and listen in on talks by these experienced explorers. Relax, admire the views and try some of the ship's delicious cuisine.

### DAY 3 Bergen, Norway

Bergen is one of Norway's most beautiful cities. Stroll through the historic UNESCO-listed Bryggen district with its colourful wooden wharfs dating back to the 14th century. Visit Mount Fløyen – the Fløibanen funicular takes you to the top in just six minutes. At the summit you get amazing views over this city surrounded by seven mountains and the sea.

### DAY 4 Nordfjord & Loen – Anchored – Full day

We start the day with some scenic cruising into Nordfjord, passing Hornelen, Europe's highest sea cliff, early in the morning. We dock outside Loen and use small boats to reach the small town. Loen's Skylift cable car is one of the steepest in the world, climbing 1,100 metres at a gradient up to 60°. From the top of Mount Hoven, you'll have spectacular views of the mountains, valleys and the fjord.

### DAY 5 At sea

Today you can spend time in the ship's lounge, soaking in a hot tub, or out on deck. Whatever you do, don't take your eyes off the scenery as we sail through Helgeland county and the thousands of islands of the lowland area.

### DAY 6 Svolvær, Lofoten

The ship will officially cross over the Arctic Circle sometime in the morning. We sail along Vestfjord and arrive in Svolvær in the afternoon. This is the largest town in Lofoten with about 4,800 residents, many of whom work as fishermen. There are shops and art galleries to browse along the seafront promenade and rows of rorbuer, fishing huts, to admire, all the more charming if dusted with the season's snow and if the aurora is seen swirling above.

### DAY 7 Narvik, Lofoten

Narvik traces its history back to the Bronze Age and was a Viking settlement for a time as well. Modern Narvik developed as an all-year port for Swedish iron mines, which made the town a strategic target for Germany during World War II. Ride the cable car to the top of Mount Narvik for the breathtaking views or go on optional excursion hikes, snowshoeing or kayaking on the fjords.

### DAY 8 Alta, 70° North

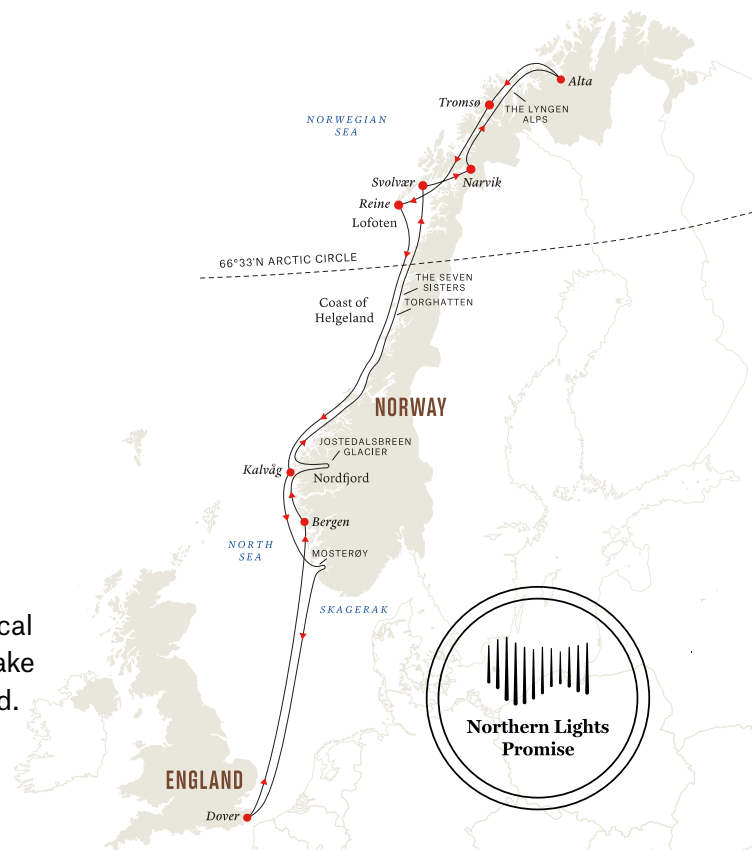

Alta lies in the vast wilderness of Finnmark county, well above the Arctic Circle at 70 degrees north. Welcome to the turning point of your expedition and to one of the northernmost towns in the world. The town is directly beneath the Auroral Oval, a zone known for consistent Northern Lights activity.

### DAY 9 Tromsø, Norway

Tromsø is the capital of the Arctic. Historically, Tromsø was a frontier town for returning hunters and explorers and acted as a launch point for several Arctic expeditions. Today, the city is often called the 'Paris of the North' because of its international and cultural diversity. You can busy yourself by browsing the shops or sampling the region's fresh produce in a range of restaurants. Your included activity in Tromsø is a visit to the Polar Museum which is housed in a converted 1830s warehouse on the seafront.

### DAY 10 Reine, Norway

We dock into the picture-perfect fishing village of Reine back in the Lofoten Islands. This is where red-painted rorbuer cling to a string of islands beneath sharp granite mountain ranges. The 450-metre tall Reinebringen is one of the most distinctive peaks, particularly dramatic when layered with snow. The combination of setting and colour makes Reine one of the most photographed landscapes in all of Norway. You'll be hoping the Northern Lights are active above the village when we are there, completing the composition of your own photo of this piece of paradise. After spending some time wandering around Reine, ooh-ing and aah-ing at the scenery, you'll go on your included activity for

today. A 30-minute bus ride will take you to Å, one of the best-preserved traditional fishing villages in Norway.

### DAY 11 At sea

Learn more in lectures from the expert Expedition Team and dabble in a bit of science with the microscopes and library of slides in the onboard Science Center. We also support a number of Citizen Science projects that you can join.

### DAY 12 Kalvåg, West coast island

No other expedition ships visit Kalvåg so you'll experience an

authentic slice-of-life community who will likely be thrilled to have visitors. Admire an open-air art exhibition and walk around Kalvåg's collection of old waterfront buildings, from restored wooden wharfs to herring salting warehouses.

### DAY 13 Mosterøy, South west Island - Anchored - Full day

Mosterøy is a lovely island that is made up of a mixture of pastures for cattle, horticulture, and cute neighbourhoods all around. Klosterøy is less than a square mile in size but home to the historic Utstein Abbey and

the 800-year old Utstein Church. The islands are connected by bridges and tunnels and all roads here lead to the city of Stavanger on the mainland.

### DAY 14 At sea

It's our final day at sea and the last full day of this memorable expedition cruise. As we cross the North Sea, you may spot seabirds and dolphins that like to follow the ship.

# EXPEDITION CRUISE FROM THE NORTHERN LIGHTS TO DOVER

This winter expedition begins in the Arctic capital of Tromsø. Voyage further north to North Cape as we hunt the northern lights before heading back down the coast of Norway, exploring rarely visited islands and villages.

## DAY 1 Tromsø, Norway

Welcome to your winter adventure to Dover, starting in Tromsø. We set sail towards North Cape, head out on deck for your best chances to see the Northern Lights.

## DAY 2 Honningsvåg, Norway

Start the day by arriving at the small town of Honningsvåg. You'll now visit one of the northernmost points in Europe as part of an included excursion. The scenic bus ride from Honningsvåg passes small bays and tiny villages, then crosses a mountain plateau before arriving at spectacular North Cape. At 71°10'21"N, it is just 2,100 kilometres away from the Geographic North Pole, with only the Svalbard Archipelago in between.

## DAY 3-4 Alta, Norway

We'll arrive here early in the morning and we'll stay until tomorrow afternoon. The town is directly beneath the Auroral Oval, a zone known for consistent Northern Lights activity. If the heavens aren't overcast, and the conditions are right, you might well be in for quite the show.

## DAY 5 Senja, Norway

Senja is one of the most ruggedly beautiful and less-visited islands in Norway. You'll be awestruck by the scenery on display here and understand why it made CNN travel's list for '10 of the world's most beautiful islands'.

## DAY 6 Reine, Norway

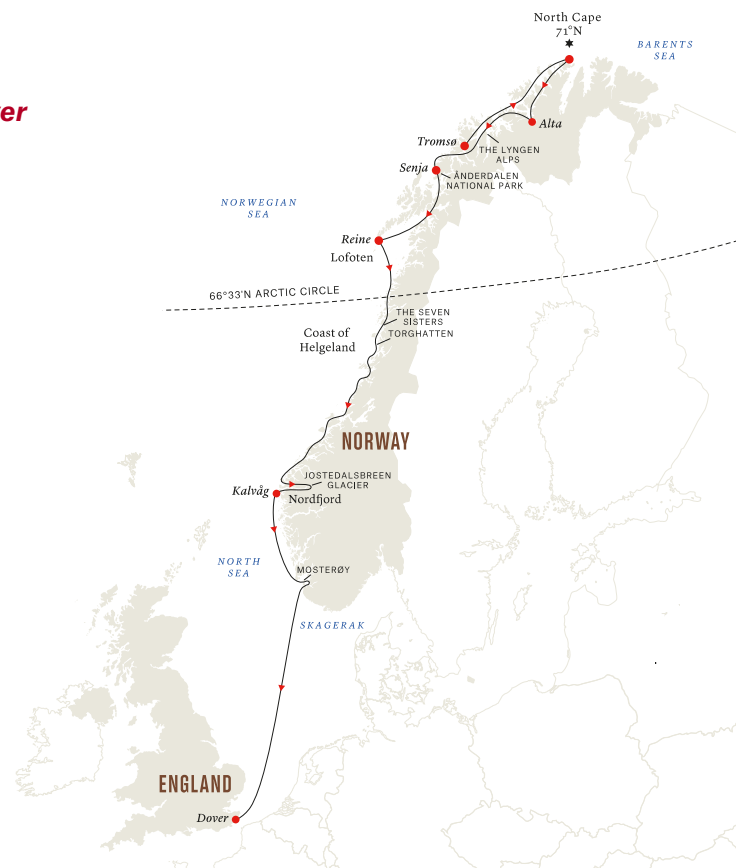

We dock into the picture-perfect fishing village of Reine back in the Lofoten Islands. This is where red-painted, snow-covered rorbuer cling to a string of islands beneath sharp, dark grey granite mountain ranges. The 450-metre tall Reinebringen is one of the most distinctive peaks, particularly dramatic when layered with snow. A 30-minute bus ride takes you to Å, one of the best-preserved fishing villages in Norway.

## DAY 7 At sea

Spend time in the ship's lounge, soaking in a hot tub, or out on deck. Whatever you do, don't take your eyes off the scenery as we sail through Helgeland county, characterised by pointed mountains and thousands of islands.

## DAY 8 Loen, Norway

We start the day with some scenic cruising into Nordfjord, passing Hornelen, Europe's highest sea cliff, early in the morning. We dock outside Loen and use small boats to reach the small town. Loen's Skylift cable car is one of the steepest in the world, climbing 1,100 metres at a gradient up to 60°. From the top of Mount Hoven, you'll have spectacular views of the mountains, valleys and the fjord.

### DAY 4 Outside Fjærland

### DAY 7-8 Alta

Today, the city is often called the 'Paris of the North' because of its international and cultural diversity. You can busy yourself by browsing the shops or sampling the region's fresh produce in a range of restaurants. Your included activity in Tromsø is a visit to the Polar Museum which is housed in a converted 1830s warehouse on the seafront.

#### DAY 14 Ålesund, Norway

Welcome to the charming coastal city of Ålesund! The small city clutches to the shores of a thin island chain. # ISLAND HOPPING IN THE HEBRIDES

Join us for a Hebridean adventure as we visit some of the most remote, romantic and rugged Scottish islands aboard our expedition ship MS Spitsbergen.

**DAY 1 Greenock (Glasgow), Scotland**

Our Scottish Isles expedition begins in Glasgow. MS Spitsbergen will set sail, heading north into the Atlantic on our circular voyage to explore the remote Scottish isles.

**DAY 2 Isle of Arran, Scotland**

Warmed by the North Atlantic Drift, this sheltered island with its high peaks is a haven for wildlife. Dramatic mountains, a distinctive distillery and good hiking trails all add up to a microcosm of Scotland. As you step onto the beautiful isle of Arran, feel its unique atmosphere. More sheltered than the outer Scottish islands, Arran is covered in rich purple heather, with green and brown low hills, and is watered by numerous streams and small rivers.

**DAY 3 Islay, Scotland**

Islay isn't called 'whisky island' for nothing. There are nine working distilleries here, and you'll find their peaty single malts sold around the world. One of the larger isles, there's 130 miles of coastline, and numerous quiet, sandy beaches.

**DAY 4 Isle of Gigha, Scotland**

Tiny Gigha (pronounced Gee'a) is a little sandy slice of paradise. Nicknamed 'Good Isle', this tiny island is owned by the 163 residents, all of whom aim to create a 'good life' for themselves. It's a place of quiet beaches, peaceful walks and tranquil views. Gigha is a small island – only 6 miles long – and you can easily get around it on foot. If bike hire is available from the village shop, getting around on two wheels is lots of fun.

**DAY 5 Isle of Iona & Treshnish Isles, Scotland**

Famed for its mystical Christian associations, Iona is a peaceful little island off the coast of Mull in the Inner Hebrides. The restored Abbey remains a place of pilgrimage and peace, but there's much more to see here including picturesque beaches, wonderful wildlife and the beautiful St Columba's Bay. We'll explore the remote beauty of the Treshnish Isles next, a group of distinctive skerries home to a wealth of wildlife, including Atlantic Puffins, colonies of Black-legged Kittiwakes, Razorbills, and Common Guillemots, as well as Atlantic grey seals.

**DAY 6 St. Kilda, Hirta Island, Scotland**

As a UNESCO double World Heritage Site and the jewel in

the crown of the National Trust for Scotland, visiting St Kilda is an unforgettable experience. St. Kilda is home to over 60,000 pairs of Northern Gannets - the second largest gannet colony in the world! There's a good chance you'll spot many other seabirds as well, including Atlantic Puffins, Northern Fulmars, Common Guillemots, and Black-legged Kittiwakes.

**DAY 7 Stornoway and Shiant Isles, Scotland**

Stornoway is the main town on Lewis & Harris – a single island with two names denoting the north and south parts. It's the largest and most northerly island in the Outer Hebrides. Check out Lews Castle, an impressive Gothic-revival style which overlooks Stornoway Harbour. Later in the afternoon, we explore the Shiant Isles, a tiny archipelago set in the

Minch strait. There is only one habitable structure here, a simple bothy for sleeping in. Privately owned since 1937, these wild and beautiful islands are one of the most important breeding colonies for seabirds in Europe.

**DAY 8 Loch Scavaig and Isle of Eiff, Scotland**

Beneath the dramatic peaks of the Cuillin Mountains, Loch Scavaig on the Isle of Skye leads to one of the most beautiful and dramatic freshwater lochs in

Scotland – Loch Coruisk. You'll need your walking boots on to allow for the sometimes-soggy conditions, but there are several great walks alongside the loch.

**DAY 9 Sound of Mull, Scotland**

Today we'll anchor in the Sound of Mull, allowing us to explore the picturesque town of Tobermory on the Isle of Mull, and Loch Sunart. The Isle of Mull is a large island of sweeping moors, featuring tiny hamlets and castles. Tobermory,

a charming, deep-water fishing port, is the island's main town. It's instantly recognisable from the row of brightly-coloured Georgian houses that line the waterfront in the tiny bay.

**DAY 10 Isle of Colonsay, Scotland**

Get ready for some incredible coastal walks along endless stretches of white sand! Kiloran Bay and Plaide Mhòrare are particular highlights, with breath taking views of the neighbouring islands on a clear day. You can also enjoy some wonderful kayaking in the surrounding waters, and you may even catch sight of whales, porpoises and dolphins as you paddle.

**DAY 11 Greenock (Glasgow), Scotland**

Our island-hopping expedition ends where we started out, in Glasgow.

**Highlights**

# WHISKY AND WILDLIFE FROM THE HEBRIDES TO THE SHETLANDS

Explore the hidden gems of Scotland as we sail from Glasgow to Bergen. Taste authentic Scottish whiskies and engage in bird and wildlife spotting.

© ATMOSPHERE1

## DAY 1 Glasgow (Greenock), Scotland

Our voyage starts in Glasgow (Greenock). This is definitely a city you'll want to explore more before you board MS Spitsbergen.

## DAY 2 Belfast, Northern Ireland

A city of industry and elegance, Northern Ireland's capital, Belfast, is famously the birthplace of the Titanic. Fittingly, an entire Titanic Quarter has been dedicated to this unfortunate ship and it's an

experience not to be missed. You can walk along the Maritime Mile, a waterfront trail that will give you a sense of Belfast's proud seafaring history.

## DAY 3 Peel, Isle of Man

A seaside town, the pretty port of Peel was the 14th century capital of the island and seat to the King of Mann. Winding lanes of merchants' houses, bear witness to the 19th century fishing schooners built here which traded from Ireland to Shetland. Peel Castle, connected by causeway and reputedly built by Magnus Barelegs, King of Norway, dates from the 11th century. Museums in town display vintage bikes and cars; a connection to the more modern high-speed racing that occurs on the island.

## DAY 4 Islay, Scotland

Once the seat of the MacDonalds, Lords of the Isles, this is 'whisky island', world

renowned for its peaty single-malt whiskies and many distilleries. As a stop-off for wintering geese and migrating birds, there is good bird spotting. In the charming little town of Bowmore, there are a handful of small shops, an interesting round church, plus superb cliff-top walks and a well-known golf course.

## DAY 5 Oban, Scotland

This small town is a busy fishing port and you can often see otters, dolphins and seals in the harbour. The great thing about being aboard an expedition ship with a team of enthusiastic experts is that we don't have to stick to a rigid schedule and can instead make the most of local opportunities.

## DAY 6 Isle of Iona & Treshnish Isles, Scotland

Famed for its mystical Christian associations, Iona is a peaceful little island off the coast of Mull in the Inner Hebrides. The restored Abbey remains a place of pilgrimage and peace, but there's much more to see here including picturesque beaches, wonderful wildlife and the beautiful St Columba's Bay. We'll explore the remote beauty of the Treshnish Isles next, a group of distinctive skerries home to a wealth of wildlife, including Atlantic Puffins, colonies of Black-legged Kittiwakes, Razorbills, and Common Guillemots, as well as Atlantic grey seals.

## DAY 7 Loch Scavaig and Isle of Canna, Scotland

Surrounded by the high peaks of the Skye Cullins, Loch Scavaig leads to one of the most romantic and dramatic lochs in Scotland - freshwater Loch Coruisk. We head to the Isle of Canna, which is the most sheltered of the Small Isles, known as 'the Garden of the Hebrides'. Linked by causeway to the island Sanday with its puffin colonies, Canna is green and grassy and has delightful flora and butterflies.

## DAY 8 St. Kilda, Hirta Island, Scotland

As a UNESCO double World Heritage Site and the jewel in the crown of the National Trust for Scotland, visiting St Kilda is an unforgettable experience. St. Kilda is home to over 60,000 pairs of Northern Gannets - the second largest gannet colony in the world! There's a good chance you'll spot many other seabirds as well, including Atlantic Puffins, Northern Fulmars, Common Guillemots, and Black-legged Kittiwakes.

Privately owned since 1937, these wild and beautiful islands are one of the most important breeding colonies for seabirds in Europe.

#### DAY 10 Kirkwall, Orkney

Fresh, clean air, friendly people, cosy little shops and pubs – welcome to Kirkwall, Orkney's largest town. It's an old Norse settlement that can trace its roots back to the Vikings, and there's plenty here so get ready to explore.

#### DAY 11 Fair Isle, Shetland Islands, Scotland

Lonely Fair Isle with its high red-sandstone cliffs and gentle rolling fields is a vital stop for migrating birds and has had a permanent Bird Observatory since 1948.

Synonymous with unique geometric knitwear possibly of Spanish or Scandinavian origin, the island also boasts a mini 'Lighthouse Keepers' golf course and a friendly, self-sufficient population.

#### DAY 12 Lerwick, Shetland Islands, Scotland

Lerwick is the main port of the Shetland Islands and by far the northernmost town of Scotland. Founded in the 17th century as a fishing port, today Lerwick is a bustling, cosmopolitan town. The old waterfront is still active with visiting yachts and working fishing boats. The area boasts some of Shetland's most attractive scenery and an extraordinary concentration of archaeological sites, including two remarkable Iron Age villages.

#### DAY 13 Bergen, Norway

We bid farewell after a voyage of discovery. Before heading home, visit the fish market and stroll through Bergen's historic harbour area, fronted by wooden houses dating back as far as the 1300s. You can also take a trip up to nearby Mount Fløyen via funicular tram for views over the city and surrounding mountains.

- Sail from Glasgow and end the expedition in Bergen

Only one invoice and one set of documents will be issued. No verbal amendments may be made by either party to these written booking conditions; any change must be in writing signed by the Chief Executive of Hurtigruten AS.

If your confirmed arrangements include a flight, we (or if you booked via an authorised agent of ours, that agent) will issue you with an ATOL Certificate and a confirmation. In some cases, where neither we nor the supplier are able to do so for reasons of insolvency, an alternative ATOL holder may provide you with the services you have bought (at no extra cost to you). You agree to accept that in those circumstances the alternative ATOL holder will perform those obligations and you agree to pay any money outstanding to be paid by you under your contract to that alternative ATOL holder. However, you also agree that in some cases it will not be possible to appoint an alternative ATOL holder, in which case you will be entitled to make a claim under the ATOL Scheme (or your credit card issuer where applicable).

If we, or the suppliers identified on your ATOL certificate, are unable to provide the services listed (or a suitable alternative, through an alternative ATOL holder or otherwise) for reasons of insolvency, the Trustees of the Air Travel Trust may make a payment to (or confer a benefit on) you under the ATOL scheme. You agree that in return for such a payment or benefit you assign absolutely to those Trustees any claims which you have or may have arising out of or relating to the non-provision of the services, including any claim against us, the travel agent (or your credit card issuer where applicable). You also agree that any such claims may be re-assigned to another body, if that other body has paid sums you have claimed under the ATOL scheme.

## 5. A - PRICES

All Voyage prices shown in this brochure are in pounds sterling and are per person based on full occupancy of the cabin accommodation unless otherwise stated.

Single/Sole occupancy of cabins with more than one berth is at our discretion as single/sole use of multiple berth cabins will be limited. The price of your voyage or air package holiday arrangements was calculated using exchange rates quoted in the Financial Times Guide to World Currencies on 19.01.2018, Norwegian Kroner (NOK) 10.86; Euros 1.13. We reserve the right to change any of the prices quoted in this brochure although there will be no change within 30 days of your departure date. You will be advised of the current price of the voyage or air package holiday you wish to book before your contract is confirmed.

The price of your confirmed holidays is subject at all times to variations in:

- (i) the price of transportation resulting from the cost of fuel or other power sources;
- (ii) the level of taxes or fees applicable to the holiday imposed by third parties not directly involved in the performance of your holiday, including tourist taxes, landing taxes or embarkation or disembarkation fees at ports and airports; or
- (iii) the exchange rates relevant to your package.

You will be charged for the amount of any increase in accordance with this clause and, where this is necessary,

we will notify you of the relevant adjustments by issuing a new invoice. However, if this means that you have to pay an increase of more than 8% of the total price of your confirmed holiday (excluding any amendment charges and/or additional services or travel arrangements), you will have the option of accepting the price increase and paying the requested amount, accepting a change to another holiday if we are able to offer one (if this is of equivalent or higher quality you will not have to pay more but if it is of lower quality you will be refunded the difference in price), or cancelling and receiving a full refund of all monies paid to us, except for any amendment charges and/or additional services or travel arrangements not forming part of your package. Should you decide to cancel for this reason, you must exercise your right to do so within 14 days from the issue date on your new invoice.

Should the price of your voyage or air package holiday go down due to changes above then any refund due will be paid to you, less an administration fee of £60. Please note that travel arrangements are not always purchased in local currency and some apparent changes have no impact on the price of your travel due to contractual or other protection in place.

There will be no change made to the price of your confirmed holiday within 20 days of your departure nor will refunds be paid during this period.

## 5. B - VOYAGE AND AIR PACKAGE HOLIDAY

Prices Do Not Include:

- Travel Insurance • Luggage Handling
- International Flights except where included in the Air Package Holiday Price • Optional Excursions • Gratuities

Optional Excursions booked before you travel or local excursions or other activities that you may choose to book and pay for whilst on holiday are not part of your voyage or air package holiday arrangements provided by us nor are we agents for the provider of the service. For any excursion or other activity you book before departure or with which you are assisted in arranging whilst on holiday, your contract will solely be with the supplier of the excursion or activity and not with Hurtigruten. We are not responsible for the provision of your excursion or activity or for anything that happens during the course of its provision by the supplier.

## 6. IF YOU CHANGE OR TRANSFER YOUR BOOKING

If you wish to change your travel arrangements after they have been confirmed we will do our utmost to help but it may not always be possible. Any request for changes to be made must be in writing by the person who made the booking or your travel agent. You will be asked to pay an administration charge of £60 per person and any further cost we incur in making this alteration. NB: most airlines will charge a fee for ticket changes. Costs may increase the closer to the departure date that changes are made. For example, the transfer within 60 days of departure of arrangements involving a scheduled flight will mean the cancellation and re-booking of this flight and a significant additional charge.

If you change the number of people in your party, the price of the arrangements will be recalculated for the new party size e.g. this may mean that accommodation is under-occu-

pled and each member of the party may have to pay an increased price.

Any increase in price caused by changes you have requested is not a cancellation charge even though it may arise because a member of your party has cancelled. Any change by you to your confirmed arrangements after departure is in all cases subject to availability and any relevant costs.

**Transfer of Booking:** If any member of your party is prevented from travelling, that person(s) may transfer their place to someone else, subject to the following conditions:

that person is introduced by you and satisfies all the conditions applicable to the Arrangements;

we are notified not less than 7 days before departure;

you pay any outstanding balance payment, an administration fee of £100 per person as well as any additional fees, charges or other costs arising from the transfer; and

the transferee agrees to these booking conditions and all other requirements applicable to the holiday booking.

You and the transferee remain jointly and severally liable for payment of all sums.

If you are unable to find a replacement, cancellation charges as set out will apply in order to cover our estimated costs. Otherwise, no refunds will be given for passengers not travelling or for unused services.

## 7. IF YOU CANCEL

You, or any member of your party, may cancel your travel arrangements at any time. Written notification from the person who made the booking or your travel agent must be received at our offices. We recommend 'Recorded Delivery'. Cancellation takes effect the day we receive your letter or email. Since we incur costs in relation to your arrangements from the time we confirm your booking you will have to pay the applicable cancellation charges as shown in the table below (which also applies if we cancel because you have failed to make payments on time - see 'Payment' section) together with the cost of any air fare for which we have had to pay at the time of the booking and will be payable immediately on cancellation.

If you have to cancel for a reason covered by your travel insurance you may be able to reclaim the cancellation charges, less applicable excess. Insurance premiums are not

refundable.

## 8. IF YOU CANCEL DUE TO FORCE MAJEURE

You have the right to cancel your confirmed holiday before departure without paying a cancellation charge in the event of unavoidable and extraordinary circumstances occurring at your holiday destination or its immediate vicinity and significantly affecting the performance of the holiday or which significantly affects transport arrangements to the destination. In these circumstances, we shall provide you with a full refund of the monies you have paid but we will not be liable to pay you any compensation. Please see clause 10 for more information on Force Majeure.

## 9. IF WE CHANGE OR CANCEL YOUR BOOKING

We reserve the right to change any of the details, and correct any errors in this brochure or invoices at any time. If changes are made before you have made your booking we will advise you before we confirm your arrangements.

We reserve the right in any circumstances to cancel your travel arrangements (for example if a minimum number of participants for a particular travel arrangements not reached, we may have to cancel it) and to change airline, aircraft types, vessels and itineraries without liability for any subsequent loss. Even after we have confirmed your booking we may have to cancel or make alterations to your booking but we will not cancel your travel arrangements less than 60 days before your departure except for reasons of force majeure or failure by you to pay the final balance in full.

Most alterations will be minor and while we will do our best to notify you or your travel agent of any changes as soon as reasonably possible if there is time before your departure, we will have no other liability to you.

Occasionally we may have to make a significant change ("Significant Change") to your confirmed arrangements. Significant Changes include the following:

Change of UK departure airport. Note: A change from one London airport to another is not considered a Significant Change. London airports are Heathrow, Gatwick, Stansted, Luton and London City.

Change of your time of departure or return by more than 12 hours.

Change of your flight from a day flight to a night flight if this also includes a change to your departure time of 3 hours or more.†

Change of resort.

Change of holiday accommodation to accommodation of a lower official rating.

† For the purposes of the contract night flights are those which depart from the UK between 2200 and 0600 hours or arrive in the UK between 2400 and 0600 hours.

If we have to make a Significant Change we will notify you as soon as possible and you may either:

- accept the Significant Change and the contract between us will then be varied to incorporate the change; or
- take alternative arrangements altogether (subject to availability). If the alternative arrangements selected are a lower price than those originally confirmed the difference will (if already paid) be refunded to

you; or

(c) withdraw from the booking completely in which case we will, as soon as possible, refund all money paid to us.

You must inform us of your decision as soon as reasonably possible and not later than 7 days of being informed of the alteration. If you choose (a) or (b) above, you will receive as compensation a credit towards the cost of your arrangements, or any alternative selected, as per the amount shown in Scale A below. If you choose (c) we will pay you compensation shown in Scale B below. In all cases we will have no liability for any other or greater compensation or for expenses or losses incurred.

Period before departure date given by us	Credit/ Compensation per fare paying passenger (excluding infants)*
0-7 days	Scale A £50 Scale B £25
8-14 days	Scale A £40 Scale B £20
15-28 days	Scale A £30 Scale B £15
29-42 days	Scale A £20 Scale B £0
43-59 days	Scale A £10 Scale B £5

\*The compensation shown above applies to full fare paying adults only. Children or others travelling at concessionary rates will receive compensation pro rata based on the concessionary price against the full adult price as shown on the confirmation.

**IMPORTANT NOTE:** We will not pay you compensation in the following circumstances:

where we make a change that is not a Significant Change;

where we make a Significant Change or cancel your arrangements more than 60 days before departure;

where we have to cancel your arrangements as a result of your failure to make full payment on time;

where the change or cancellation by us arises out of alterations to the confirmed booking requested by you;

where we are forced to cancel or change your arrangements due to Force Majeure (see clause 10).

Please note: where arrangements with a higher price than the original arrangements are offered by us and accepted by you, the difference in price will be deducted from any compensation payable. In no case will we pay compensation if the arrangements offered by us and accepted by you are of a higher price than those originally booked by you and in the same location where no additional payment is made by you.

If we become unable to provide a significant proportion of the arrangements that you have booked with us after you have departed, we will make alternative arrangements for you at no extra charge and, if appropriate in all the circumstances, will pay you reasonable compensation.

A flight or ship delay does not constitute a change to holiday arrangements.

## 10. FORCE MAJEURE

Except where otherwise expressly stated in these Booking Conditions we are unable to accept liability or pay compensation where the performance or prompt performance of our contractual obligation is prevented or affected by reason of circumstances amounting to 'force majeure' i.e. any event which we or

the supplier(s) of the service(s) could not, even with due care foresee or avoid. Such events may include, but are not limited to, war, threat of war or civil commotions, riots, terrorist activity, industrial dispute, natural or nuclear disaster, adverse weather, fire, flood, drought, government action, airport and port regulations and closures, technical transportation problems, maintenance to vessels, scheduling of transport and similar events outside our control.

A flight or ship delay does not constitute a change to holiday arrangements.

### 11. COMPLAINT PROCEDURE

If there is a problem during your holiday, you must report it on board immediately or to the relevant airline, ground handler, hotelier or other supplier, so that prompt efforts can be made to resolve the problem. In the unlikely event that a problem cannot be resolved at the time and you wish to complain, you must send us full written details within 28 days of your return.

Failure to take either or both of these steps will prejudice our ability to resolve your problem and / or investigate it fully. In consequence, any right to compensation you may have will be extinguished or, at the very least, substantially reduced.

Where the port of embarkation for your sailing is in the EU then any complaints relating to EU Regulation 1177/2010 on Passenger Rights when travelling by Sea and Inland waterways must be made to us in writing no later than 2 months after return from travel or the date on which the service complained of was performed. We will provide a final reply within 2 months. You must supply full details to enable us to deal with your complaint.

Please note that we offer an Alternative Dispute Resolution service through our ABTA membership. Please see clause 12 for further details. You can also access the European Commission Online Dispute (ODR) Resolution platform at <http://ec.europa.eu/consumers/odr/>. This ODR platform is a means of registering your complaint with us; it will not determine how your complaint should be resolved.

### 12. ABTA

We are a Member of ABTA, membership number V7545. We are obliged to maintain a high standard of service to you by ABTA's Code of Conduct. We can also offer you ABTA's scheme for the resolution of disputes which is approved by the Chartered Trading Standards Institute. If we can't resolve your complaint, go to [www.abta.com](http://www.abta.com) to use ABTA's simple procedure. Further information on the Code and ABTA's assistance in resolving disputes can be found on [www.abta.com](http://www.abta.com).

### 13. OUR LIABILITY TO YOU

(i) We will accept responsibility for those arrangements we agree to provide or arrange for you as an 'organiser' under the Package Travel, Package Holidays and Package Tours Regulations 1992 and the EU Directive 2015/2302 on Package Travel (and subsequent UK regulations) as set out below. Subject to these booking conditions, if we or our suppliers perform or arrange your contracted holiday arrangements negligently, taking into consideration

all relevant factors, we will pay you reasonable compensation. The level of such compensation will be calculated taking into consideration all relevant factors such as but not limited to: following the complaints procedure as described in these conditions and the extent to which ours or our employees' or suppliers' negligence affected the overall enjoyment of your holiday. Please note that it is your responsibility to show that we or our supplier(s) have been negligent if you wish to make a claim against us.

(iii) Where death and or personal injury and or loss of or damage to property occurs during carriage by air or by sea then liability and the extent of damages recoverable will be dealt with by International Conventions as set out in paragraphs (v) and (vi) and not otherwise.

(iv) As set out in these booking conditions we limit the maximum amount we may have to pay you for any claims you may make against us which do not involve personal injury, illness or death. Except where loss of and/or damage to luggage or personal possessions is concerned if we are found liable to you on any basis the maximum amount we will have to pay you is twice the price (excluding insurance premiums and amendment charges) paid by or on behalf of the person(s) affected in total unless a lower limitation applies to your claim under clause 13 (vi) below.

(v) Where any claim or part of a claim (including those involving death or personal injury) concerns or is based on any travel arrangements (including the process of getting on and/or off the transport concerned) provided by any air, sea, rail or road carrier or any stay in a hotel, the maximum amount of compensation we will have to pay you will be limited. The most we will have to pay you for that claim or that part of a claim if we are found liable to you on any basis is the most the carrier or hotel keeper concerned would have to pay under the international convention or regulation which applies to the travel arrangements or hotel stay in question. (for example, the Warsaw Convention as amended or unamended and the Montreal Convention for international travel by air and/or for airlines with an operating licence granted by an EU country, the EC Regulation on Air Carrier Liability No 889/2002 for national and international travel by air, the Athens convention for international travel by sea).

Please note: Where a carrier or hotel would not be obliged to make any payment to you under the applicable International Convention or Regulation in respect of a claim or part of a claim, we similarly are not obliged to make a payment to you for that claim or part of the claim. When making any payment, we are entitled to deduct any money which you have received or are entitled to receive from the transport provider or hotelier for the complaint or claim in question. Copies of the applicable International Conventions and Regulations are available from us on request. We do not have any liability to you by virtue of the Regulation 261/2004 which applies solely to the operating carrier. Any liability we may have to you under our contract with you, arising out of the same facts, is limited to the remedies provided under the Regulation as if (for this purpose only) we were a carrier; any sums you

receive from the carrier will be deducted from any amount due from ourselves.

(vi) Travel by sea is governed by the provisions of the Convention Relating to the Carriage of Passengers and their Luggage by Sea 1974 as amended in 1976 ("The Athens Convention) and where applicable from 1 January 2013 EU Regulation 392/2009 relating to the Liability of carriers of passengers by sea in the event of accidents ("EU Regulation 392/2009). For the purposes of the Athens Convention and EU Regulation 392/2009 we are the Contracting Carrier.

The Athens Convention and EU Regulation 392/2009 limit the Carriers' liability for death or personal injury or loss or damage to luggage and makes special provision for valuables. It is presumed that luggage has been delivered to you undamaged unless written notice is given by us and/or the performing Carrier.

a) in the case of apparent damage, before or at the time of disembarkation or redelivery; or  
b) in the case of damage which is not apparent or of loss, within 15 days from the date of disembarkation or redelivery or from the time when such redelivery should have taken place.

Damages for cabin luggage payable by the Carrier are limited up to the Athens Convention limit of 833 SDRs or 2250 SDRs if EU Regulation 392/2009 applies. Limits shall be reduced in proportion to any contributory negligence by the Client and by the maximum deductible specified in Article 8(4) of the Athens Convention or EU Regulation 392/2009.

In so far as we may be liable to a Client in respect of claims arising out of carriage by sea, we shall be entitled to all the rights, defences, immunities and limitations available, respectively, to the actual carrier and under the relevant Conventions and nothing in these Booking Conditions shall be deemed as a surrender thereof. To the extent that any provision in these Booking Conditions is made null and void by the Athens Convention or EU Regulation 392/2009 or any legislation compulsorily applicable or is otherwise unenforceable, it shall be void to that extent but not further.

Any liability in respect of death and personal injury and loss of and damage to luggage which we may incur to you shall always be subject to the limits of liability contained in the Athens Convention or EU Regulation 392/2009 for death/personal injury of 46,666 Special Drawing Rights (SDR) or 300,000 SDR under Athens Convention or 400,000 SDRs under EU Regulation 392/2009 except in the case of liability for war or terrorism 250,000 SDRs. We are not liable for valuables, monies or other securities including jewellery and watches. If they have been deposited with the reception desk on the ship for safe keeping and a receipt issued then in those limited circumstances the Carriers liability will be as set out in the Athens Convention or EU Regulation 392/2009. The use of safes on board a Vessel is not a deposit with the ship or with the company under the Athens Convention or EU Regulation 392/2009 or otherwise. The limits are 1200 SDRs pursuant to Athens or 3,375 SDRs pursuant to EU Regulation 392/2009.

(vii) Where there is any loss of or damage to property including luggage which is not covered by any international convention and where liability is not limited by reference to any enactment, terms of conditions, then any legal liability that we may have for any such losses or damage will not exceed £500 per guest.

(viii) You must provide ourselves and our insurers with all assistance we may reasonably require. You must also tell us and the supplier concerned about your claim or complaint as set out in clause 11 above. If asked to do so, you must transfer to us or our insurers any rights you have against the supplier or whoever else is responsible for your claim or complaint (if the person concerned is under 18, their parent or guardian must do so). You must also agree to cooperate fully with us and our insurers if we or our insurers want to enforce any rights which are transferred.

(ix) Please note, we cannot accept any liability for any damage, loss or expense or other sum(s) of any description: (a) which on the basis of the information given to us by you concerning your booking prior to our accepting it, we could not have foreseen you would suffer or incur if we breached our contract with you; or (b) relate to any business.

(x) We will not accept responsibility for services or facilities which do not form part of our agreement or where they are not advertised in our brochure. For example any excursion you book whilst away, or any service or facility which your hotel or any other supplier agrees to provide for you.

### 14. YOUR RESPONSIBILITIES AND INDEMNITY

When you book arrangements with us you accept responsibility for the proper conduct of yourself and your party. If your actions or omissions cause damage to any property in the provision of the contracted arrangements, or cause delay or diversion to any flight or other means of transportation, you agree to fully indemnify us against any claim (including professional fees and legal costs) made against us by or on behalf of the owner of such property or the operator of the flight or other means of transportation. The Captain of an aircraft or Master of a ship has authority over the aircraft/ship and passengers at all times when they are boarding or on board. There will be no liability on our part, or that of any supplier, for any refund, compensation, or costs thus incurred. Additionally, we will have the right to recover full costs resulting from the incident from the passenger.

At any port or place we may refuse to embark or may disembark any passenger who, in the opinion of the ship's authorized personnel, might be excluded from landing at further destinations by local authorities or who may be suffering from any contagious or infectious disease, or whose presence may be detrimental to the wellbeing of passengers or crew. In cases of quarantine of the ship, or individual passengers (passengers may be required to remain in their cabin or as instructed by authorised personnel on board if they or any other occupant of the accommodation presents any symptoms or may

be considered to put other passengers at risk) we will not be liable for expenses thus caused and in such cases as above there will be no entitlement to any refund or compensation and we will have no liability for costs incurred as a result. Your specific passport and visa and health requirements and other immigration requirements are your responsibility and you should confirm these with the relevant Embassies and/or Consulates. We do not accept responsibility if you cannot travel because you have not complied with the latest requirements. If you have made independent travel arrangements you accept responsibility for joining the ship in good time, regardless of any change to the sailing time or date, or to the itinerary. We are not able to refund monies paid to us, or any third party acting on our or your behalf, or make compensation or other payments where, for whatever reason, you fail to join the ship. Passengers going ashore are responsible for re-boarding the ship prior to departure from port. We reserve the right to substitute another vessel for the scheduled vessel whether or not owned or operated by Hurtigruten. Any part of the travel arrangements and the voyage is subject to cancellation, delay, modification, or island/mainland visit cancellation for any reason, including medical disembarkation of crew or passengers or any other circumstances beyond our or our suppliers' control. You therefore acknowledge and agree that the scheduled itinerary for the voyage and the announced departure and arrival times are not guaranteed and we shall not be liable to passengers for any damages or other claims in the event of any delay, changes in itinerary or inability to perform services by reason of any event or events beyond our or our suppliers' control.

#### 15. INSURANCE

It is a condition of the contract with us that every member of the booking has travel insurance in force for the entire duration of the booking, covering at least the cancellation of the booking and providing medical cover for illness or injury and repatriation while overseas. Please provide us with the name of your insurer, together with their 24-hour emergency number when you book or as soon as possible.

#### 16. TIMINGS, DELAYS & OTHER TRAVEL INFORMATION

Timings are estimates only and cannot be guaranteed, even if shown on tickets. They may be changed due to regulatory authority requirements,

weather conditions, maintenance or technical reasons, and the ability of passengers to check in and board on time. Sometimes delays cannot be avoided but in such situations, in conjunction with our local agents or representatives, we will try to ensure your comfort during the course of any delay.

Where the port of embarkation is in the EU and the company reasonably expects the departure of a cruise to be delayed for more than 90 minutes beyond its scheduled departure time, passengers departing from port terminal shall be offered free of charge snacks, meals or refreshments as are appropriate given the waiting time, provided they are available and can reasonably be supplied. If the delay in departure necessitates a stay of one or more nights or a stay additional to that intended by the passenger where and when physically possible the Company shall, subject to the Package Travel Regulations 1992 and the EU Directive 2015/2302 on Package Travel (and subsequent UK regulations, offer passengers departing from port terminals free of charge adequate accommodation on board or ashore, and transport to and from the port terminal and place of accommodation in addition to the snacks, meals and refreshments previously referred to. The maximum amount that the company will pay for accommodation ashore and transport to and from the port terminal shall be equivalent to 80 Euros per person per night for a maximum of three nights. The company will not have an obligation to provide such accommodation ashore where the delay is caused by weather conditions endangering the safe operation of the ship. Please note the existence of a "Community list" (available for inspection at [https://ec.europa.eu/transport/modes/air/safety/air-ban\\_en](https://ec.europa.eu/transport/modes/air/safety/air-ban_en)) detailing air carriers that are subject to an operating ban with the EU Community.

#### 17. PROMPT ASSISTANCE

If the contract we have with you is not performed or is improperly performed as a result of failures attributable to you or a third party unconnected with the provision of the arrangements, or as a result of failures due to unusual and extraordinary circumstances, and you suffer an injury or other material loss, we will offer you such prompt assistance as is appropriate in the circumstances. In particular, we will provide you with appropriate information on health services, local authorities and consular assistance, and with distance communications and finding alternative travel arrangements.

Where you experience a delay which is not owing to any failure by us, our employees or sub-contractors, this prompt assistance is likely to extend to providing help in locating refreshments, accommodation and communications but not paying for them. Any airline or other transport supplier may however pay for or provide refreshments and/or appropriate accommodation and you should make a claim directly to them. Subject to the other terms of these conditions, we will not be liable for any costs, fees or charges you incur in the above circumstances, if you fail to obtain our prior authorisation before making your own travel arrangements.

#### 18. VALIDITY OF TERMS AND CONDITIONS

These terms and conditions are valid from March 2021 and the details and prices may be superseded. Changes may occur after the date of release, and some hotel/ship facilities may become unavailable. While this brochure features photography and descriptions of local wildlife, there is no guarantee of sightings.

#### 19. LAW AND JURISDICTION

Your contract shall be governed by English law and the jurisdiction of the English Courts. You may however choose the law and jurisdiction of Scotland or Northern Ireland if you wish to do so.

#### 20. DATA PROTECTION

In order to process your booking and ensure your travel arrangements run smoothly and meet your requirements we, Hurtigruten Ltd, need to use the information you provide such as name, address, any special needs/dietary requirements etc. We take full responsibility for ensuring that proper security measures are in place to protect your information. We must pass the information on to the relevant suppliers of your travel arrangements such as airlines, ships, hotels, transport companies etc. The information may also be provided to security or credit checking companies, public authorities such as customs/immigration if required by them, or as required by law. Additionally, where your holiday is outside the European Economic Area (EEA), controls on data protection in your destination may not be as strong as the legal requirements in this country. We will not pass any information on to any person not responsible for part of your travel arrangements. This applies to any sensitive information that you give to us such as details of any disabilities, or dietary/religious requirements. (If we cannot pass this information to the relevant suppliers, whether in the

EEA or not, we cannot provide your booking. In making this booking, you consent to this information being passed on to the relevant persons.) Please note that where information is also held by your travel agent, this is subject to your agent's own data protection policy. Hurtigruten is not responsible for the privacy practices of any other companies.
